**JOINT REQUEST FOR EXTENSION
OF TIME TO FILE POST-HEARING BRIEFS**

International Union of Operating Engineers, Local 150 (“Local 150”), AFL-CIO, by counsel and pursuant to Section 102.111 of the National Labor Relations Board’s Rules and Regulations, hereby files this joint request for an extension of time to file post-hearing briefs in the above-captioned matter. In support of this request, Local 150 states as follows:

1. On July 30 and July 31, 2009, Region 13 held and completed a hearing pursuant to Section 10(k) of the Act, 29 U.S.C. § 160(k).

2. As of the time of filing this Motion, the parties have yet to receive the transcript of the proceedings. The parties do not expect to receive the hearing transcript prior to August 7, 2009.

3. Pursuant to Section 102.90 of the Board's Rules and Regulations, post-hearing briefs are currently due in this matter on August 7, 2009.

4. Due to the press of other matters, in addition to the fact that the parties have yet to receive the transcript, Counsel for the respective parties will not be able to complete and submit their briefs by the current due date.

5. Based on the foregoing, the parties request jointly that the time for submitting post-hearing briefs to the Board be extended by 30 days. The first business day that would follow this extension would be September 8, 2009. Accordingly, the parties request an extension until this date.

6. Counsel for Local 150 represents that Counsel for the Employer and Counsel for the United Union of Roofers, Water-Proofers, and Allied Workers, Local No. 11, join in this request.

7. This request is therefore being made more than three days before the date for submission of post-hearing briefs to the Board.

8. This request is not being made to prejudice any of the parties or delay the proceedings.

WHEREFORE, Local 150 respectfully requests that the due date for submission of post-hearing briefs in the above-captioned matter be extended to September 8, 2009.

Dated: August 3, 2009

Respectfully submitted,

INTERNATIONAL UNION OF OPERATING ENGINEERS,
